Eric and Chip,

I have not yet had a chance to short out a review schedule for this work plan, but I wanted to let everyone know that it is in. We can discuss a review schedule during the next TCT.

Matt –

The above referenced document can be downloaded by clicking on the link below. Some users will occasionally have trouble downloading from this site, please let me know if this is the case. We are also sending you a CD in the mail, just in case.

Also, note there is a recent deliverable to EPA regarding the tar body removal action on this site. This is currently under review by EPA and any reviewing or commenting on that document should be coordinated through Sean Sheldrake. Thanks.

Carl
